

FOREVER YOUNG®

Helps Reduce Appearance of
Fine Lines & Wrinkles[◇]

How does Forever Young reduce the appearance of fine lines and wrinkles? You can help lessen the signs of aging by promoting and retaining your youthful appearance with Forever Young tablets. As we age, most of us begin to notice changes in the resiliency of our skin and the texture of our hair. The amazing unparalleled blend of nutrients in this unique dietary supplement are derived from proprietary marine extracts and are like “skin food from the sea”. In addition to its proprietary marine extract, Forever Young tablets contain chondroitin sulfate, collagen-building amino acids, silicon, and other nutrients known for their ability to support healthy collagen levels.[◇] These ingredients help the skin to maintain tone, resiliency, and elasticity from within by supporting healthy, youthful skin cells.[◇]

Forever Young tablets enhance the effects of face and body creams, oils or lotions, regardless of which products you use. Try supplementing your diet with this product for three months, with before and after close-up facial pictures taken—many people report they can see a definite difference! Forever Young tablets help to reduce the appearance of fine lines and wrinkles—especially around the eyes. This product helps you stay Forever Young; its name says it all!

Marine-Derived Nutrients Enhance the Production of Collagen[◇]

Double-blind clinical studies, using the proprietary marine extract in Forever Young, were performed in Finland, the Netherlands, and the United States on middle-aged women with a history of significant sun exposure. These studies showed improvements by both subjective and objective measures of elasticity, color, and texture of skin after just 8 weeks, compared to participants who received a placebo.

Forever Young is a truly amazing product. These tablets are literally “skin food from the sea” as they contain an entirely unique blend of primarily marine-derived nutrients.

These nutrients support and enhance the body’s production of collagen and elastin, the primary structural support system of the skin.[◇]

Many people in clinical studies, as well as consumers, report healthier and more resilient texture of hair and nails, as well as skin, after several months of using this dietary supplement.

In addition to the proprietary marine extract, which is rich in glycosaminoglycans (GAGs)—the building blocks of cartilage—Forever Young contains chondroitin sulfate—another source of GAGs—and Sea Cucumber. Sea Cucumber is a relative of the starfish and has been a food staple in traditional Oriental cultures for 5,000 years. It also has a history of frequent

use in traditional Asian health practices over the millennia, and is rich in mucopolysaccharides and chondroitins, as well as protein, vitamins A and C, thiamine, riboflavin, niacin, calcium, iron, magnesium, and zinc.

Synergistic Components

Other synergistic components of this wonderful supplement include rice protein, hydrolyzed collagen, Norwegian kelp (an excellent source of trace minerals), antioxidants (such as vitamins C, D, and E), natural carotene complex, zinc, silicon, and acerola cherry extract.

Concentrated enzymes from papaya and pineapple are also included to enhance assimilation of flavonoids and other nutrients.

Nourishing Skin From Within

As a part of the natural aging process, collagen and elastin – the protein “glues” of the body—begin to decrease, resulting in a loss of elasticity of skin and other structures. The natural marine extract and other nutrients in Forever Young tablets help promote and maintain healthy levels of collagen and elastin.◊

Unlike topical skin care products, Forever Young's special nutrients work from the inside, helping the skin maintain its youthful glow and appearance.◊

They also provide nutritional support to these structural proteins throughout your entire body. Forever Young tablets are especially beneficial for those who live or

work in harsh environments, which increases exposure to free radical attack.

Try it for 3 months, with before and after close up facial pictures. By doing so many people report a visible difference. This product, as its name says, helps you stay—Forever Young, or at least Forever Younger!

Supplement Facts		
Serving Size	1 Tablet	
Servings Per Container	60	
Amount Per Serving	% Daily Value	
Vitamin A (100% as Carotenes)	1000 IU	20%
Vitamin C (Ascorbic Acid)	15 mg	25%
Vitamin D-3 (Cholecalciferol)	50 IU	13%
Vitamin E (D Alpha Succinate)	5 IU	17%
Zinc (as Zinc Gluconate)	2 mg	13%
Marine Concentrate	150 mg	*
Chondroitin Sulfate	175 mg	*
Hyaluronic Acid	10 mg	*
Rice Protein Isolate	100 mg	*
Hydrolyzed Collagen	40 mg	*
Norwegian Kelp (<i>Ascophyllum nodosum</i> L.) Whole Plant	33 mg	*
Acerola (<i>Malpighia punicifolia</i> L.) Fruit Extract	5 mg	*
Silicon (Total)	3 mg	*

*Daily Value not established.

INGREDIENTS: Chondroitin Sulfate, Marine Concentrate (from Fish), Microcrystalline Cellulose, Rice Protein Isolate, Hydrolyzed Collagen (from Fish), Norwegian Kelp (*Ascophyllum nodosum* L.) Whole Plant, Croscarmellose Sodium, Zinc Gluconate, Stearic Acid, Vitamin C (L-Ascorbic Acid), Hyaluronic Acid, Magnesium Stearate, Carotenoids (Palm/Carrot Oil), PhytoZyme® proprietary blend (contains concentrated powders of Bromelain, Papain, Alfalfa, Parsley, and vegetable and fruit concentrates from Blueberry, Carrots, Broccoli, Spinach, Cauliflower, Kale, Asparagus, Beet, Chili Pepper, Green Bean, Pea, Sweet Potato, Cucumber, Pumpkin, Snow Pea, Tomato, Watercress, Zucchini, Lima Beans, Maitake Mushroom, Banana, Cantaloupe, Cranberry, Guava, Lemon, Mango, Orange, Papaya, Peach, Pineapple and Grapefruit), Acerola (*Malpighia punicifolia* L.) Fruit Extract, Natural Vanilla Flavor, Silicic Acid, Vitamin E (D Alpha Succinate), Silica, and Vitamin D-3 (Cholecalciferol).

US.SF.MOD 6

DIRECTIONS: One tablet, twice a day as nutritional support for collagen in the skin and whole body.◊

As with all supplements, please consult your physician prior to taking if you are pregnant or attempting to become pregnant, breast-feeding, under a doctor's care or taking prescription medication.

Allergy Information: This product contains fish-derived ingredients, and is processed in the same facility that processes products containing fish/shellfish, soy and dairy.

This product was not tested on animals.
